

Hi.

Mon County Schools Superintendent Eddie Campbell here with a brief message about our school re-entry plan for this fall.

We've just posted the first of several updates about Mon County's plan on the district's main website and on all our individual schools' sites, too.

It contains important – but general – information about our phased re-entry process and about attendance options currently available to all students and their parents.

Two key words there –

“process”

and “currently.”

Re-entry is an enormously complicated process – impacting thousands of operational details we're re-considering in this “new normal.”

And “currently” because the pandemic's status – and its impact on every aspect of our lives – including resuming in-person instruction – changes hour-by-hour.

Please check our websites often for more updates and know that educating our kids while keeping them safe continues to be our primary mission.

Thanks, and stay safe.
